COVID FOOD DISTRIBUTION

During this intense condition of COVID-19 where a strict nationwide lockdown was imposed by the government, UMEED organized a food distribution program to support the vulnerable and underprivileged sections of society who were severely impacted by the strict lockdown measures imposed by the government.

As the pandemic raged on, countless families found themselves struggling to make ends meet. Many lost their jobs, and the ability to put food on the table became a daily struggle. It was during these dire circumstances that UMEED's volunteers took it upon themselves to reach out to these affected individuals and provide them with a ray of hope and sustenance.

With unwavering determination and empathy, the volunteers of UMEED organized a food distribution drive that aimed to serve hot and nutritious meals to those who were unable to manage their living under the stringent lockdown conditions. The team worked tirelessly, adhering to safety protocols, to ensure that no one in need was left behind. Students to play with their parents and siblings. To make it affordable, the UMEED Foundation set a minimal fee of Rs 200 per month or Rs 500 for a one-year membership. Over 40 students eagerly registered on the first day, showing a great response.
